Ingredients

Blue Bell Banana Pudding Ice Cream

4- 5 oz Milk

Chocolate Syrup

Graham Cracker Crumbs

Whip Cream

Cherry

In a blender add four large scoops of Blue Bell Banana Pudding ice cream and the milk then blend until thick.

Put 1 oz of the chocolate syrup in the bottom of a milkshake glass then pull the syrup up the sides with a straw while twisting the glass slightly – this will cause a small curve in the syrup. Repeat five times, making little streamers going up the glass – this will create a star burst design when finished.

Pour the milkshake into the glass – top with graham cracker crumbs, whip cream, and cherry.

Enjoy!
